A TRADITION OF SOCIAL RESPONSIBILITY AND EDUCATIONAL EXCELLENCE

ALLIANCE ISRAËLITE UNIVERSELLE

Kol Israel Haverim – Alliance (KIAH) is the Israeli representative of Alliance Israélite Universelle established 150 years ago, an international Jewish social-educational organization that has reached over one million people around the world to date.

KIAH in Israel works to promote a moral and equal society in three divisions: Welfare and Social Resilience, Jewish Identity and Educational excellence.

KIAH's Division of Welfare & Social Resilience

Every individual possesses the right to a respectable quality of life and wellbeing. The heart of our works is focused on reducing high risk circumstances among youth and families living in Israel's social-geographic periphery. At the same time we help each boy and girl identify their unique capabilities, empowering them to strive for personal achievement and success. This promotes social justice and actively implements the principles of social Judaism, based on the principles of justice and human dignity.

“TO SAVE YOUTH IN DISTRESS IN ISRAEL IS THE REAL DEFINITION OF SOCIAL JUSTICE.”

FORMER PRESIDENT OF ISRAEL, SHIMON PERES

More than 300,000 Israeli adolescents are at risk. The risk factors may be personal, familial, or environmental and are likely to develop into an educational/ emotional/ health disability.

This phenomenon grows stronger in the social and geographic periphery of Israel: the distance from central Israel, lack of opportunities, poverty and a low social status which characterize the periphery, increase the risk of youth living there.

The change we help create - numbers:

- **More than 15,000 adolescents participated in our programs over the years.**
- **43% reported lower involvement in vandalism and crime.**
- **80% reported feeling less isolated.**
- **30% increase among youth volunteering in the community.**
- **89% graduated from school with full matriculation.**
- **70% said they intend to peruse higher education.**
- **85% joined the Israeli Defense Force, of which 75% were accepted in prestigious combat units.**
- **Along the years, part of our graduates continued working in the division's program with youth, while pursuing higher education in this field.**
